Pebbles

Without delay it carries on leaving the place in
silence when it's gone. A summer day, a summer breeze,
Softly whispered through the trees.

The summer breeze, softly it comes,
Quickly it leaves, Causing soft whispers in the trees.
It came and soon left,
a warm summer breeze.

Pebbles collection was designed by our in-house designer Mina Leung in 2012, only up till 2022 we are able to make it. Inspired by cobblestone, Pebbles meet the latest trend of furniture design. Organic architecture, generous volumes, harmonious shapes... Pebbles invites us to get closer to outdoor, in a relaxed atmosphere.

Early morning the sea is peaceful the trees spreading branches a
shower of yellowing leaves for the passing air the sun spreads the
first rays a fine morning a promising day for you and me

Vigo

Wish the distance of heart and nature more and more
close, wish to be embraced by nature, where we can
be drunk in its warm atmosphere slowly

With a cool embrace, it soothes the skin, And makes us feel alive and free within. We close our eyes, and let out a sigh, As the breeze dances by, up in the sky. The summer breeze is a gift from above, Bringing peace and joy that we can all love.

The summer breeze, softly it comes. Quickly it leaves, causing soft whispers in the trees. It came and soon left, a warm summer breeze.

Vigo is a collection of seat comprising lounge armchairs, 2 and 3 seater sofa, daybeds and poufs with a soft and full appearance. Initially designed as a beanbag in 2012. Light and easy to move, they can be used to create countless compositions outdoor, experimenting with different shapes, colours and sizes.

Regard to the application of lines and light, we
always hold it carefully and try to display the
aesthetic feeling of structure from every angle

Enjoying the last of the warm, enveloping summer breeze
while the warm waves remain such a heavenly tease

Bolero

Living in the wonderful space of your own, appreciate the delicate and artistic furniture and taste the exiguous movement of life slowly!

A gentle zephyr stirs the leaves, As summer's breath floats on the breeze, Soft whispers rustle through the trees, As sunbeams dance on grassy leas. The warm air wraps around me tight, Like a soft blanket of delight, As scents of flowers take to flight, And birds sing sweetly with delight. The lazy days stretch long and wide, As if time has stopped, just to bide, And all the world is magnified, In hues of gold, and blue, and tide.

The Bolero daybed is simultaneously warm and inviting, stylish and intriguing, rounded forms, an elegant seating shell in powder coated aluminum, foam mousse is encased in a seamless sheath of knitted textile and acrylic fabric which makes the material weather-resistant, but also surprisingly soft to the touch. The Bolero daybed is the ideal setting to relax together, especially thanks to the comfortable outdoor cushions

The airy design of the Bolero club chair collection and its warm combination of upholstered seat and textilene backs will immediately create an intimate atmosphere on your patio. The rounded design of the durable aluminum back gives the club chair a warm and friendly tone. The textilene back can nevertheless defy all weather conditions

Wish the distance of heart and nature more and more close, wish to be embraced by nature, where we can be drunk in its warm atmosphere slowly

I look at the rocks in my garden; I've found them far and wide, From
the desert sand to the ocean shore, and on the mountain side

The spirit longing for nature becomes quiet in every dusk, listening to the sound of nature from every corner around with the symphony of heart.

Ivy

The summer breeze blows soft and slow, With whispers of warmth and fragrant glow, It carries the scent of flowers and trees, And gently rustles the leaves with ease. The sun shines bright with a warm embrace, And children run and laugh in place, The birds sing sweet, in a joyful tune, And the sky is blue, with a golden dune.

The summer breeze dances with delight, As it brings us peace, in the warm night, It carries dreams, to the stars above, And blesses us all, with a gift of love. So let's bask in its tender grace, And feel the joy, in its gentle pace, For the summer breeze, is a gift so rare, And it will forever be there, to care.

The perfect visual feeling of house is full of energy,
just like angels flying in the air and the sun.

My busy body is lost completely in the broad but brief sofa, the breath which is dreary all the day comes to itself gradually.

Oze

Decisively indecisive :
not brown, not grey. More emotion than regulation. The Oze
sofa is your new playground. Sit down and shrug off the
stereotypes. Flexible, comfortable and clean, the Oze is
primarily a sofa. But what else? That's a matter of definition.

Oze low seating daybed

Nature can be endowed by a kind of color,
a kind of thought, a kind of conception.

Materials & Care

Fabric

Agora:

High-end fabrics for decoration and upholstery that offer the best performance.

Tuvatextil has focused a major part of its research in recent years in the field of decorative fabrics, applying the latest advances in textile materials, methods and technologies.

Agora uses a 100% solution-dyed acrylic fiber throughout its range.

Fabrics are manufactured to withstand the harshest conditions of the outdoors, incorporating a variety of qualities and treatments to cope with the most demanding environments and guaranteeing excellent performance. Agora is the IN & OUT solution.

Cleaning and care:

Clean Agora® fabrics with neutral soap in lukewarm water: we recommend to clean at a temperature of no more than 30°. Bleach may be used, in moderation: chlorine bleach will not affect the coloration of the solution-dyed acrylic fiber and it's for this reason acceptable for stubborn stain removal, including mildew. Chlorine bleach, strong chemicals or detergents will eventually affect the strength of any fiber or cloth, so it is better to use a diluted solution of one part bleach to twenty parts water. Do not dry-clean Air dry: do not use a clothes dryer Iron at low temperature.

Seam-To-Seam Cleaning

When cleaning upholstered pieces, clean the entire surface area of the fabric, from seam to seam, instead of rubbing the fabric in a circular motion on the spill. This method, along with an extractor, may be required in order to avoid water rings and residue.

Mold and Mildew

Sunbrella fabrics do not promote mildew growth, however, mildew may grow on dirt and other foreign substances if not removed from the fabric. To remove mold or mildew:

- .Prepare a solution of 1 cup of bleach and 1/4 cup mild soap per gallon of water.
- .Spray on entire area and allow to soak into the fabric for 15 minutes
- .Clean entire surface area with a sponge, clean towel or very soft bristle brush
- .Rinse thoroughly to remove all soap residue
- .Air dry

For severe mold/mildew growth, bleach quantities may be increased.

It is best to clean the entire surface area of the fabric to avoid water rings and residue.
